To ensure that all participants in the contest maximum transparency and a fair trial, six or more judges selected among the best professionals within the UTE Rome will conduct a personal vote to shovel or electronic voting, so visible to the public through rear projection voting stage and electronic summation.

The evaluation will be 5 to 10 points, **Also in this fourth edition of the inclusion of half a vote.**

Ex. If a judge had the indecision as to assign between grade 8 or 9 therefore vote may assign 8 more ... half a vote. Half past eight.

If the vote will refer to a tie on stage tattoos to a tie and again and more carefully rivoterà awarding winning one of the two finalists.

Registration will be carried out from 16:00 to 18:00 at a special area, and this year there will be an expert in the field that will allocate well every subscription to any right category.

Another important thing is shuffling the cards and therefore the order of entry for each contest will not follow the order of temporal registration list. Introduce yourself too much at the end of entries to be named among the top will not help The call order to get on stage will be just so random, so you can apply from 16:00 to 18:00

We would like to specify that the judges chosen from our convention can not participate as competitors in the contest.

In order not to affect in any way the vote of the jury, tattooed will be called to the stage without uttering the name of the tattoo artist.

PRE CONTEST: Know that not all members can participate in the contest and then be rated using a shovel or electronic voting.

The professional judges unquestionably held before the start of each class a PRE CONTEST so when we call on stage every single category in unison everyone will have to have completed their tattoo and submit to the court on their work.

Of the panel members at the discretion of the judges no more than 50% will already upstream excluded from the contest. The remaining 50% will then decide about the judges will participate in the race because they were considered high-level to which you can submit careful judgment.

IMPORTANT INFORMATION ... !!! Only the tattoo artists who have a booth can register to contest if we discovered members not belonging to the stand and stand number assigned to the prize will be withdrawn and reallocated to the next ranked for more votes taken.
